PROFESSIONAL SUMMARY

Frontend Developer with a BCA degree (2024) and hands-on experience building and deploying production-ready frontend applications. Proficient in React.js, Next.js, TypeScript, and Tailwind CSS. Successfully delivered a live corporate website for a Dubai-based client, implementing secure API integration, automated email workflows, and performance-focused user interfaces. Seeking to contribute to a collaborative engineering team while building scalable, user-focused frontend applications.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frameworks: React.js, Next.js, Tailwind CSS
Tools: Git, GitHub, SourceTree, Vercel, Cloudflare
Concepts: Responsive Design, REST API Integration, Input Validation, Email Automation, CI/CD Deployment

PROJECTS

ADCS – Active Dynamic Cleaning Services | Corporate Website 2026

Live: www.activedynamicdubai.com | Stack: Next.js, React.js, TypeScript, Tailwind CSS, Resend API, Cloudflare

- Designed and developed a fully responsive corporate website for a Dubai-based cleaning services company, now live in production
- Built a secure server-side contact and booking API with strict input validation and HTML escaping to prevent XSS and injection attacks
- Integrated the Resend API to automate booking confirmation emails for both the company and customers
- Familiar with end-to-end development workflows, from version control to deployment
- Delivered a mobile-first UI with optimized performance and reusable component architecture

EDUCATION

Bachelor of Computer Applications (BCA) 2021 – 2024

Syed Ammal Arts and Science College, Ramanathapuram | Tamil Nadu

Higher Secondary Certificate (HSC) 2019 – 2021

Raja Matriculation Higher Secondary School, Ramanathapuram | Tamil Nadu

KEY STRENGTHS

- Delivered a real-world client project from concept to deployment, demonstrating end-to-end development experience
- Applied secure development practices, including API validation, input sanitization, and XSS protection
- Built responsive, performance-optimized user interfaces across desktop and mobile devices
- Managed version control using Git, GitHub, and SourceTree, and deployed applications with Vercel and Cloudflare
- Ready to contribute full-time with strong problem-solving skills and a collaborative mindset
